

**Amendments to the Claims:**

***LISTING OF CLAIMS***

1. (currently amended) A carry bag comprising:  
a flexible outer wall,  
a flexible inner wall defining a receiving space and being sealed to the outer wall to form an inflatable volume therebetween,  
a valve in the inner or outer wall,  
a flexible rib extending longitudinally between said inner and outer walls,  
and  
an opening through which articles can be inserted/retrieved into/from the receiving space.
2. (canceled)
3. (original) The carry bag of Claim 1 wherein there is provided at the opening a strap having a pair of fasteners at each end thereof.
4. (original) The carry bag of Claim 3 wherein the inner wall is sealed to the outer wall at a position space from the opening to enable the outer wall to be rolled down toward the inner wall.
5. (original) The carry bag of Claim 4 wherein the fasteners are attached to one another to form a handle.
